

Cantor College: Admissions Policy (Offline Process)

1. Direct Admissions Requirement

At Cantor College, we prioritize personal interaction to ensure every student is placed on the correct pathway for their future career. Consequently, **the admissions process cannot be conducted, initiated, or processed through our website..**

2. Mandatory Phone Application

All applications must be made via a formal telephone interview with our Admissions Team.

- **Direct Line:** Call **0114 225 5555** to begin your application.
- **Availability:** Our lines are open Monday to Friday, 9:00 AM – 5:00 PM.
- **Verification:** During this call, we will verify your identity, previous qualifications, and technical experience.

3. Why We Use a Phone-Only System

We have moved away from web-based forms to provide a higher standard of service:

- **Immediate Feedback:** Applicants receive an instant assessment of their eligibility.
- **Tailored Advice:** Our team can suggest alternative courses if your first choice isn't the perfect fit for your background.
- **Security:** This process prevents automated "bot" applications and ensures we are speaking with the real applicant.

4. Preparation for the Call

Before calling, please have the following ready:

- Your National Insurance number or Passport.
- Summaries of your GCSE, A-Level, or BTEC results.
- A brief description of your interest in Computing, Design, or Technology.

5. Accessibility

If you are unable to use a standard telephone due to a disability, please visit our main campus in person at **123 Education Way, Sheffield** to speak with a representative.
